

A Note from Scottsdale Golf Group

Friends,

The response to the COVID-19 has touched the lives of so many in our community.

Our teams in both Arizona and Nevada work hard to be certain our facilities as well as our equipment are always clean and in good order. During these challenging times, we have amplified these efforts. Added emphasis has been throughout our properties. Both our front and back of the house areas, golf carts between play, bathrooms and all hard surfaces throughout our restaurants, dining rooms, patios and the entire facility receive extra attention, being sanitized multiple times each day.

Within our Food and Beverage outlets, we have limited seating to increase guest spacing, or forgone the traditional dine-in seating and are offering grab and go options. Please visit each club to view hours and operations
www.scottsdalegolfgroup.com

We know golf can be a great way to take a break from more serious concerns, enjoying time outdoors with friends and family. When you come to play golf at one of our courses, or wherever you choose to play, we have a few ideas to help ensure your health and safety on the golf course.

- Don't handle other players' clubs.
- Practice "social distancing", keeping at least six feet from other players.
- Please leaving the flagstick in the cups throughout the round.
- Stay at home if you are sick.
- Wash your hands several times during the round (for at least 20 seconds)
- As many golf analysts are saying, Forego the traditional handshake after holing out on the 18th. If you must, offer an elbow tap, a tip of the cap or perhaps a bow...

If you do choose to join us for a round, rest assured we'll do everything we can to make sure you're safe and have a great time.

Sincerely,
Scottsdale Golf Group
